Your University of Virginia email account is the University's official means of communicating with you. Failure to complete the steps outlined in the email may delay your enrollment in your class.

Paying for Your Class:

Payment of your tuition and fees is due in full before your programs starts. You can pay using 1 of these 2 options:

1. **Check or Money Order:** Please make your check or money order payable to the University of Virginia and mail it to the above address; or
2. **E-Check or Credit Card:** Check (electronic debit from your checking or savings account) and Credit Card payments can only be completed through the Student Information System (SIS) using QuikPay@UVa, a secure online payment system. After the University has process your Application for Permission to Enroll and Class Registration Form, you will receive an email with instructions for how to pay by e-Check or Credit Card using American Express, Discover, or MasterCard. With QuikPay@UVa, all credit card payments are processed by NelNet Business Solutions and charged a 2.75% service fee in addition to tuition. There are no service fees for e-checks.

VISA is not accepted. VISA's association rules will not permit NelNet to charge a percentage service fee and would require UVA to charge the same fee for ALL transactions, including e-check or paper check. Credit card payments cannot be made by phone or in person. These changes ensure the security of your personal and credit card information.
