

EMPOWERING GIRLS' VOICES: NCGS HIGH SCHOOL GLOBAL CITIZENSHIP

PROGRAM OVERVIEW

Starting October 2021, Close Up and the National Coalition of Girls' Schools will offer series 1 of *Global Citizenship: Deliberating Systemic Issues*. This is a special opportunity to nominate a cohort of 10 students in grades 9-12 (ages 14-18) to represent your school in an examination of today's most pressing issues with students from across North America. Over 1,000 students from more than 65 girls' schools participated in *Empowering Girls' Voices* in its inaugural year of programming, and we hope you will too!

Through this series of six online sessions facilitated by Close Up instructors, students will examine major policy issues including Environmental Issues and Economic Issues; hear from an issue expert; evaluate proposals that represent a range of viewpoints; and consider how to best address those issues. After developing a better sense of their own values and priorities, students will participate in a training to develop facilitation skills to lead controversial issue discussions in their own school communities.
