

# EMPOWER YOUTH VOICES: CLOSE UP & MALONE SCHOOLS

## Program Overview

Starting January 2022, Close Up and Malone Schools will offer the winter series of *Empowering Youth Voices: Justice, Equity, and Belonging*. This is a special opportunity to nominate six students to represent your school. Through this series of six online sessions, students will engage in inquiry and deliberation on an issue of their choice in order to understand the political and structural barriers to equity in education, health, and criminal justice. They will investigate the root causes of their issue, identify various approaches taken at the local and national levels, engage with a policy advocate, and create a proposal that incorporates their personal experiences and the tangible action steps they can take at home. *Past proposals have included recommendations regarding faculty diversity, representation in school curricula, and awareness campaigns promoting COVID-19 vaccination in low-income communities.*

At the end of the program, students will present a vision statement on their issue designed to constructively engage diverse audiences in their school community and in the public sphere.
