

IMPACT: CREATING YOUTH ADVOCATES

Deliberating Systemic Issues

Starting October 2022, Close Up and the National Network of Schools in Partnership will offer *IMPACT: Deliberating Systemic Issues*. Through this virtual program, high school students will develop a deeper understanding of complex policy challenges facing the nation, connect those issues to longstanding values and tensions, and gain a rich understanding of the value of deliberation in a democracy. Students will examine major policy issues, evaluate proposals that represent a range of viewpoints, and consider, as a group, how to best address these issues. After developing a better understanding of their own values and priorities, students will participate in a training to develop the facilitation skills to lead controversial issue discussions in their own school communities.
